

Obair Associates

Occupational Therapy & Vocational Rehabilitation Specialists

Transferable Skills Analysis

Service Information

This assesses an individual's transferable occupational skills considering their current functional capacity to identify suitable alternative roles supported by analysis of the current labour market.

What the service offers:

- It delivers identification of alternative job options and a labour market analysis.
- Vocational rehabilitation recommendations with action plans, time frames for a safe and sustainable return to work and costs.

Who is the service for?

- Ideal for individuals whose functional capacity for work has been established.
- Who have occupational transferable skills.
- Who require specialist advice to establish and define alternative job options.

How is the service delivered?

- This service is undertaken by a team of Vocational Rehabilitation Professionals.
- The assessment is conducted at the individual's home or a suitable local venue.
- The service can also be conducted by telephone or virtually if appropriate.

The job of the Evaluator

- To complete a review of functional capacity.
- Uses interview techniques to explore occupational skills aptitudes and interests and researches the local labour market.
- Three job options will be identified and matched to the individual's capacity and the local labour market.
