Clinical Experience

- An Occupational Therapist, Fiona has worked as a Desktop Rehabilitation Manager for over one year with Proclaim Care.
- Her extensive clinical background includes working with clients with physical and psychological injuries.
- She also has considerable experience working with minors and their families.
- Within the public sector, Fiona has considerable experience working with clients with dementia and learning disabilities.
- From her extensive experience in the public sector, she is very adept at assessing the clients home environment to facilitate services and adaptations to meet clients' needs, allowing them to maintain personal independence at home.

Rehabilitation Expertise

Rehabilitation Management

- Fiona has worked in the NHS and Statutory services for over 20 years. During this time, she developed a wealth of knowledge and understanding in all injury types

and in supporting the wider family of those with disabilities or learning difficulties.

- Fiona is experienced in arranging and efficiently co-ordinating the most appropriate statutory and private services.
- Her clinical and case management experience, supported by a strong focus on goals and outcomes, enables Fiona to help her clients to maximise their rehabilitation potential.
- She has a client-centred philosophy with excellent goal setting skills to achieve outcomes for her clients.

Vocational Rehabilitation

- Fiona's case management experience has been focused on supporting clients back into the workplace following injury or illness.
- She is skilled at engaging with employers to agree return to work plans and to support a safe and sustainable return for the client.
- This includes developing bespoke return to work plans.

CPD & Training

- Pain Management
- Amputee Case Management
- Job Demand Analysis

Memberships & Qualifications

- BSc Occupational Therapy
- HCPC Registered
- Member of CMSUK
- Dementia Champion
