Clinical Experience

- Holly is a highly experienced Occupational Therapist.
- She has over 20 years of experience working in the NHS and private practice.
- With a wide range of clinical experience, Holly is a specialist in hand and upper limb rehabilitation and orthopaedic polytrauma.

Rehabilitation Expertise

Rehabilitation Management

- Holly has significant experience working across a range of Occupational Therapy disciplines.
- Over the last ten years, she has developed specialist skills in hand therapy and was the Lead Hand Therapy Co-ordinator across a group of North West private hospitals.
- Her clinical experience extends to traumatic brain injury, amputation and complex orthopaedics.
- With a joint occupational therapy and psychology background, Holly can manage complex cases where there has been significant psychological impact on the client.
- Holly has a strong focus on agreeing SMART goals to support her clients to maximise their rehabilitation potential.

- She is experienced in working with all stakeholders on complex injury cases, using effective communication and reporting.
- In addition to her knowledge of working with multi-disciplinary teams, Holly has an excellent understanding of private and statutory services.
- She is experienced in co-ordinating discharge packages and equipment for clients with complex injuries.

Vocational Rehabilitation

- Holly is experienced in working with employers to support her clients' safe and sustainable return to work.
- She has the skills to work with vocational colleagues to identify and manage the relevant vocational interventions and return to work programmes.
