Clinical Experience

- A nurse, Janet has been a Rehabilitation Manager since 2011.
- She has over 17 years of general nursing experience within the NHS covering areas including brain injury, stroke rehabilitation, spinal injury and a variety of neurological conditions.
- She has been clinical lead for nursing staff and established a community stroke rehabilitation team using an interdisciplinary approach.
- Her specialisms cover a broad range of injury types.

Rehabilitation Expertise

Rehabilitation Management

- Janet's expertise covers a wider range of injury type case management where she has been able to incorporate assessment skills to support the cognitive and psychological well-being of the client and their family.
- Janet has developed strong links with treatment providers, both statutory and private, in these areas.

- Janet has a strong level of experience in brain injury and neurological conditions and acute and chronic issues.
- In her role, she supports promotion of rehabilitation by attending regular training with claims handlers and solicitors.

Vocational Rehabilitation

- Janet's vocational experience includes facilitating return to work meetings, agreeing and implementing safe and graduated return to work programmes.
- Janet is experienced in arranging work site assessments and assisting with job seeking activities and the production of professional CVs.
