Acquired Brain Injury

Orthopaedic Trauma

### Injury Expertise

- Acquired Brain Injury (Mild & Moderate)
- Spinal Injury (not Spinal Cord)
- Amputations (Upper & Lower Limb)
- Complex Orthopaedic Trauma
- Psychological Trauma
- Burns

### Clinical Experience

- Trish is a registered Nurse who has been a Rehabilitation Manager since 2007.
- She has over 25 years' experience within the NHS, the majority of her NHS career was spent in a theatre environment where she rose to a senior level.
- Her experience extends to practice management and she worked in this role for 12 years at a medical centre in Australia.

### Rehabilitation Expertise

#### Rehabilitation Management

- Trish mainly works on complex injury cases. Her experience extends to severe burns cases, where her experience in plastics and reconstructive surgery has proven invaluable.
- She has gained a great level of expertise in the management of major limb amputations, in both adults and children, and complex orthopaedic trauma and spinal injury.
- Her personal experience of spinal conditions and surgical procedures has enhanced and developed her technical knowledge

of this area and can not only support recovery but empathise with injured parties.

- She has an extensive network of specialists in the North, with whom she has worked in both NHS and rehabilitation management settings for a number of years, helping expedite access to private and statutory services for her clients.

### Vocational Rehabilitation

- A confident communicator, Trish can often turn negative employer relationships with her clients into positive outcomes and return to work.
- Facilitating the communication and utilising her extensive knowledge, she can engage the employer in participating in return to work programmes. She can also assist clients to meet any retraining needs, where required.

### CPD & Training

- Traumatic Brain Injury: Identification at the INA stage
- Flags Biopsychosocial Model: Applying to rehabilitation management
- Motivational Interviewing
- Mental Health Training (depression, anxiety and suicide)
- Live Life to the Full (Psych)
