Clinical Experience

- Gail is a physiotherapist with over 20-years of experience. Most recently, she worked as an Extended Scope Practitioner in A&E in which she assessed acute patients with spinal cord injury amongst other major orthopaedic injuries.
- In this role Gail was also involved in running Spinal Injury Clinics in which she would assess needs and arrange suitable investigations and treatment, including managing onward rehabilitation referrals.
- Gail has extensive experience of managing treatment for all complex orthopaedic injuries including amputees and, in her clinical roles, she is very experienced in working with multi-disciplinary teams in order to manage the holistic needs of her patients.
- In her NHS roles, Gail has good experience of working with adults and children across a multitude of different clinical diagnoses.

Rehabilitation Expertise

Rehabilitation Management

- Gail has several years of experience as a Rehabilitation Case Manager, combined with her clinical expertise, she has successfully

managed adults and paediatric cases across many complex conditions including severe spinal cord injury, complex orthopaedic and neurological injuries, burns and moderate acquired traumatic injury.

- She uses her knowledge of injury and rehabilitation practices to ensure that her clients have the best possible rehabilitation treatment in place to ensure an optimum and timely recovery.
- Gail has facilitated many positive outcomes for clients who have experienced multi-trauma and complex injuries.
- Her ability to engage her clients in goal-based rehabilitation techniques, along with her confident and holistic manner, has seen her clients obtain successful outcomes time after time.

Vocational Rehabilitation

- Gail is passionate about supporting her clients' return to work.
- Working with employers she is proficient at agreeing a safe and sustainable return to work, even in complex cases.

CPD & Training

Gail continues to maintain CPD and attends various training events (details of which can be obtained on request).
