

## Claire Bishop

Rehabilitation Manager

Base: Teeside

Areas Covered: North East

### Specialisms

Acquired Brain Injury (Complex)

Psychological Trauma

Musculoskeletal

### Injury Expertise

- Acquired Brain Injury (Complex)
- Musculoskeletal
- Psychological Trauma
- Neurological Conditions
- Polytrauma

### Clinical Experience

- Claire qualified as an Occupational Therapist in 2011. Since then she gained experience working in community and acute settings within the NHS, and private practice.
- These include coordinating care for patients discharged from hospital to home, ensuring they have community-based support and rehabilitation.
- Claire has expertise in supporting clients with multiple pathologies with complex health and social care needs, including orthopaedics, chronic pain, neurological conditions, brain injuries, mental health - including anxiety, depression, psychosis, eating disorders, alcohol and addictions.
- Claire worked as a Disability Analyst within the Independent Assessment Services conducting face to face functional assessments.

### Rehabilitation Expertise

#### Rehabilitation Management

- Claire has a wide range of experience across most injury categories.
- She is skilled in co-ordinating multi-disciplinary rehabilitation, incorporating both NHS

and private sector practitioners to allow for progressive, client-focused and collaborative practice.

- Her experience also includes a role as a Senior OT, based within the discharge liaison team in an acute trust setting; working with those with acquired brain injury and coordinating complex discharges from hospital; ensuring that all the appropriate aids and adaptations were supplied and rehabilitation and care packages provided; and ensuring excellent communication with the clients, their families, and external agencies.

### Vocational Rehabilitation

- Claire applies a biopsychosocial approach, taking into consideration the biological or physiology of the underlying injury, in addition to addressing psychological and social contextual factors. This approach promotes independence and is supportive of a return to work.
- She is qualified in functional assessments to consider adaptations to support the client.

### CPD & Training

- Health Promotion
- Mental Health Act & Mental Capacity Act
- ADOS & ADI-R (Autism and ADHD)

### Memberships & Qualifications

- BSc (Hons) Occupational Therapy
- Registered with HCPC
- Member of CMSUK
