Clinical Experience

- Vicki qualified as a Physiotherapist in 2010 and progressed her career in the NHS across a variety of clinical settings.
- She has specialised in community paediatrics since 2014.
- Vicki has worked in the NHS in clinical lead roles since 2019 and managed school-years multi-disciplinary rehabilitation.
- Special interests are in the areas of paediatric neurology, orthopaedics and MSK.

Rehabilitation Expertise

Rehabilitation Management

- Vicki has worked in the NHS as a senior physiotherapist and physiotherapy lead since 2017, working with the multidisciplinary team in hospital and community settings.
- She was also responsible for managing a complex clinical caseload of children with long-term conditions.
- Vicki has well-established knowledge of a range of specialist therapeutic interventions related to neurological rehabilitation, as well as relevant standardised assessment tools and outcome measures relevant to client group.
- She has experience in service development, training and understanding the importance of MDT working, and delivery of collaborative healthcare.
- Vicki also has experience of working with adults with neurological and orthopaedic conditions and injuries.

Vocational Rehabilitation

- Vicki is experienced in working with children and young people to return to and sustain education.
- Vicki is experienced in writing and supporting Educational Health Care Plans (EHCP) for children and young people, including transition into further education and work.
- Using a client centred approach, with goal setting to engage and motivate clients, Vicki is an effective problem solver, using her experience and critical thinking training to support a timely return to education or work, where appropriate.
