

Stephanie James

Rehabilitation Manager

Base: Cheshire

Areas Covered: North West, Wales, Midlands

Specialisms

Complex Neurological

Spinal Cord Injury

Adults, Young People & Children

Injury Expertise

- Acquired Brain Injury (Severe)
- Musculoskeletal
- Complex Orthopaedic

Clinical Experience

- Stephanie has over 20-years of experience as an Occupational Therapist and has worked in a variety of clinical settings in public and private services.
- As a clinician, Stephanie has extensive experience in providing treatment for a variety of neurological conditions, including traumatic brain injury as well as spinal cord injury.
- In her clinical practice, Stephanie has significant experience of working in a multi-disciplinary team and was lead clinician at the Walton Centre NHS Trust, where she held a complex clinical case load including acute spinal injury.

Rehabilitation Expertise

Rehabilitation Management

- Stephanie has been working as a Rehabilitation Case Manager since 2014. She has worked with leading UK case management companies who specialise in complex care.
- She has experience working with clients across a broad spectrum of conditions and she excels in managing rehabilitation plans for clients with complex acquired brain injury, spinal cord injury and orthopaedic trauma.
- Stephanie's understanding of NHS and private treatment pathways allows her to excel in providing early intervention for clients who have experienced polytrauma.

- She is highly skilled at working with her clients to agree goals to facilitate optimal rehabilitation.
- Her client centred approach considers the client's needs from a holistic perspective, to identify barriers and motivating factors.
- Stephanie's goal-based approach to rehabilitation ensures that all parties, including appropriate family members, are kept involved and updated along the journey of recovery.
- Most importantly, she keeps her clients focused and motivated in their recovery.

Vocational Rehabilitation

- Stephanie is passionate about supporting her clients to return to work.
- Using her significant experience of both clinical and case management practice, Stephanie enjoys working with employers and is proficient at agreeing a safe and sustainable return to work.
- This includes graduated return to work programmes.
