Base: Hampshire

Areas Covered: London, South East, South West

Specialisms

Acquired Brain Injury
(Adults & Children)

Complex Orthopaedic Trauma

Injury Expertise

- Complex Musculoskeletal
- Acquired Brain Injury (Catastrophic)
- Neurological Injuries

Clinical Experience

- Emma is an experienced Occupational Therapist and has worked in a variety of clinical roles in the NHS as a Specialist Occupational Therapist and as Clinical Lead.
- Emma was Lead Occupational Therapist for Children's Occupational Therapy Services at Southampton Children's Hospital as well as Specialist Occupational Therapist in Solent NHS Trust.
- Since qualifying, Emma has worked with both adults and children with complex needs, working in hospital and community settings.
- Emma has a wide range of experience in disabilities and health needs, from birth to 18 years old, and has been clinically responsible for the treatment of neurological conditions.
- Emma is very experienced in multi-disciplinary working to achieve the best results for her clients.

Rehabilitation Expertise

Rehabilitation Management

- Emma has been a Rehabilitation Case Manager since 2012 and has a wide range of experience working with adults, children and young people with neurological conditions including acquired brain injury and complex orthopaedic conditions.

- She is skilled in developing and co-ordinating multi-disciplinary rehabilitation programmes in community and hospital settings, enabling effective outcomes working towards client goals.
- Emma is experienced in working with clients who have sustained significant Acquired Brain Injury, including altered states of consciousness, providing postural care.

Vocational Rehabilitation

- Emma is experienced in writing Educational Health Care Plans (EHCP) for children and young people including transition into further education and work.
- She also applies a biopsychosocial approach, taking into consideration the biology or physiology of the underlying injury, in addition to addressing psychological and social contextual factors. This approach promotes independence and is supportive of a return to work.
- Emma is vastly experienced at assisting her clients in returning to meaningful employment.

CPD & Training

Emma attends regular CPD Training including:

- BABICM Vision in Traumatic Brain Injury
- BABICM Two-day Conference 2024
- Safeguarding Level 4

Memberships & Qualifications

- BSc (Hons) Occupational Therapy
- HCPC Registered
- BABICM Advanced Practitioner
