Clinical Experience

- Molly is an experienced physiotherapist and has held several roles in acute hospital settings prior to joining Proclaim Care.
- Molly worked in an NHS Major Trauma Centre in the role of Major Trauma Coordinator. In this role, she provided acute rehabilitation treatment for complex orthopaedic and musculoskeletal conditions and provided coordination of clinical pathways to ensure patients received the correct treatment in the appropriate timeframes.
- Molly would often have to coordinate with specialist rehabilitation centres to ensure treatment was maintained following acute stays at the Major Trauma Centre.

Rehabilitation Expertise

Rehabilitation Management

- As a Rehabilitation Case Manager, Molly combines her clinical expertise with her knowledge of rehabilitation process and has successfully managed adults with complex musculoskeletal conditions, chronic pain and psychological trauma.

- She uses her clinical experience of injury and rehabilitation knowledge to ensure that her clients have the best possible rehabilitation treatment in place to ensure an optimum and timely recovery.
- With her experience, Molly excels at working within multidisciplinary teams to support clients throughout their recovery.

Vocational Rehabilitation

- Molly is passionate about supporting her clients to return to work or meaningful activities. She has significant experience in providing return to work coordination to assist her clients back to meaningful employment.
- She applies a biopsychosocial approach, taking into consideration the biology or physiology of the underlying injury, in addition to addressing psychological and social contextual factors. This approach promotes independence and is supportive of a return to work.

CPD & Training

Molly undertakes regular training and CPD relevant to her role as a Rehabilitation Manager.
