Injury Expertise

- Cognitive Rehabilitation
- Amputation (Lower Limb)
- Musculoskeletal

Clinical Experience

- La'nese commenced her Occupational Therapy career in 2018 and has worked across several clinical positions in major trauma hospitals in the Midlands.
- In a complex orthopaedic setting, La'nese worked with patients who had sustained major traumatic injuries including amputations and complex fractures.
- La'nese has significant experience in complex neurological injuries including traumatic brain injury and stroke. Her senior clinical roles involved her supporting recovery through coordinated care with multidisciplinary teams to ensure clinical excellence and recovery of service users.
- She has excellent experience at assessing and treating high level cognitive dysfunction following traumatic brain injury and excels at ensuring the correct rehabilitation and treatment is given.

Rehabilitation Expertise

Rehabilitation Management

- La'nese uses her clinical experience in her case management by supporting her clients to return to function following life changing injuries.
- She has extensive experience of providing expertise to clients impacted by complex orthopaedic injuries and traumatic brain injuries.

- To support her patients, La'nese has excellent experience of major trauma treatment and rehabilitation pathways in both statutory and NHS settings.
- La'nese is skilled in developing and co-ordinating multi-disciplinary rehabilitation programmes in community and hospital settings, enabling effective outcomes and working towards client goals.
- Through her clinical and case management work, La'nese is experienced in working with GPs, multi-disciplinary health teams, social services, employers, Insurers and Solicitors.

Vocational Rehabilitation

- La'nese specialises in providing the appropriate support for return to work to those who have sustained serious injuries.
- As an Occupational Therapist, she naturally focuses on a holistic and client centred approach, with goal setting to engage and motivate clients. La'nese is an effective problem solver, using her critical thinking training to support a timely return to work, where appropriate.
