

Lucie Barr

Senior Rehabilitation Manager

Base: Yorkshire

Areas Covered: Midlands, North East & North West

Specialisms

Spinal Cord Injury

Complex Orthopaedic & Trauma

Traumatic Brain Injury

Injury Expertise

- Complex MSK
- Acquired Brain Injury (Catastrophic)
- Birth Injuries including cerebral palsy

Clinical Experience

- Lucie qualified as a physiotherapist in 2013 and has worked in the NHS in Specialist Physiotherapist and Clinical Lead roles since 2016. Lucie was Clinical Manager for Children's Physiotherapy and Occupational Therapy Services.
- Since qualifying, Lucie has worked with both adults and children with complex needs, working in hospital and community settings.
- She has gained significant experience since 2019 in working with children and young people with complex neurological and orthopaedic conditions.
- Lucie is very experienced in multi-disciplinary working to achieve the best results for her clients.

Rehabilitation Expertise

Rehabilitation Management

- Lucie has a wide range of experience working with Adults, Children and Young People with neurological conditions including Acquired Brain Injury and Spinal Injury.
- She is skilled in developing and co-ordinating multi-disciplinary rehabilitation programmes in community and hospital settings enabling effective outcomes working towards client goals.

- Lucie is experienced in working with clients who have sustained significant Acquired Brain Injury, including altered states of consciousness, providing postural care, and supporting family members.

Vocational Rehabilitation

- Lucie is experienced in writing Educational Health Care Plans (EHCP) for children and young people including transition into further education and work
- She also applies a biopsychosocial approach, taking into consideration the biology or physiology of the underlying injury, in addition to addressing psychological and social contextual factors. This approach promotes independence and is supportive of a return to work.

CPD & Training

- Cerebral Palsy Integrated Pathway
- Neuromuscular conditions (Children)
- Hull & East Yorkshire Trauma Patients Pathway Course
- Spinal Cord Injuries and the effects
- Neurogenic Bowel management in Spinal Cord Injuries
- Dynavox Eye Gaze introduction
- Spasticity Management & Botox

Memberships & Qualifications

- BSc (Hons) Physiotherapy
- HCPC Registered
- Member of CMSUK
