

Hannah Tucker

Rehabilitation Manager

Base: Manchester

Areas Covered: North West, North East, Midlands

Specialisms

Traumatic Brain Injuries (Complex)

Complex Orthopaedic Injuries

Neurological Conditions

Injury Expertise

- Spinal Cord Injury (Complete / Incomplete)
- Psychological Injuries

Clinical Experience

- Qualifying in Australia, Hannah is a HCPC-registered Physiotherapist with post-qualification experience across neurological rehabilitation, acquired brain injury, spinal cord injury, paediatrics, and complex musculoskeletal conditions.
- Working within a neurological rehabilitation unit, Hannah provided specialist physiotherapy to adults and children with acquired brain injury, spinal cord injury, and complex neurodevelopmental conditions across community, clinic, school and home settings.
- Additional clinical roles included working in a medical rehabilitation setting where Hannah assessed patients who were undergoing workers compensation insurance claims. She provided assessment, treatment and return to work functional assessments to assist in their recovery.
- In her most recent role, Hannah worked as a Functional Assessor for DWP Claims. Within this role, she worked with clients suffering from a variety of complex conditions including physical, mental health, cognitive and sensory impairments.

Rehabilitation Expertise

Rehabilitation Management

- As a result of her extensive clinical experience, Hannah is able to apply advanced clinical reasoning to assess claimants with complex physical and psychological conditions, determining functional capacity and the impact of health conditions across physical, psychological, and social domains.

- She specialises in providing expert case management to adults and children impacted by traumatic brain injury, spinal cord injury and complex orthopaedic injuries.
- Hannah is skilled in developing and co-ordinating multi-disciplinary rehabilitation programmes enabling effective outcomes and working towards client goals.
- Through her clinical and case management work, Hannah has gained extensive experience in working with GPs, multi-disciplinary health teams, social services, employers, Insurers and Solicitors.

Vocational Rehabilitation

- Hannah is experienced in providing appropriate return to work support to people who have sustained serious injuries.
- She naturally focuses on a holistic and client centred approach, with goal setting to engage and motivate clients. She is an effective problem solver, using her critical thinking training to support a timely return to work, where appropriate.
